DPMP to begin Beta Test phase.

The Parts Standardization & Management Committee (PSMC) will meet on April 28 – May 1, 2008 at LMI in Tyson's Corner, Virginia. This meeting will mark the start of Beta Test for the DPMP. Each PSMC member organization will develop it's organizational "Bridge Page" within the portal. When most PSMC member organizations have completed bridge page development the DPMP will go public.

Organizations wishing to participate in the Beta Test phase should contact DSPO regarding PSMC membership.

Done

1. Check your spelling. Are the words in your query spelled correctly?

- 2. Try using synonyms. Maybe what you're looking for uses slightly different words.
- Make your search more general. Try more general terms in place of specific ones.
- 4. Try your search in a different scope. Different scopes can have different results.

The DPMP Search capability will enable the user to search for key words or phrases found on "Organizational Bridge Pages" or elsewhere within the DPMP

DSCC "Template Bridge Page"

DSCC will take control of this template bridge page during the Beta Test phase and will replace this template page with a customized bridge page specifically targeted on the parts management community.

The customized bridge page will provide links to tools and other destinations the DSCC wishes to make available or showcase.

The "template bridge page" will generally link to one or more destinations. On this page, clicking on the words "Defense Supply Center Columbus" will take the user to the DSCC Home Page.

This menu currently contains only one organization (LMI). When mature, this menu will contain all participating Defense Support Contractors and Service Providers.

Selecting an organization from this menu will take the user to the "Bridge Page" for the selected organization.

The LMI bridge page, reached by selecting "LMI Government Consulting" from this menu, is no longer a "Template" page. The LMI page has already been customized for the DPMP – Parts Management Community.
